

ELEMENTARY SCHOOL TOPIC – FRAMES PROJECT

Goal: Create a lesson for an elementary school class.

You must follow the steps to receive a grade of a 92:

1. Choose your favorite Elementary School Subject.
2. **Check the topic with your teacher before you continue.**
I must sign for the topic.
3. Use Frames to create your web page.
4. You should use buttons (made in Adobe) or an image map for your link page.
5. You should have AT LEAST 2 links to self made html pages, and 5 links to other high quality sites on the internet. **You must be able to tell me why it is a good site when I come around to grade your project.**
6. It should be colorful and attractive for the students... remember they are in elementary school.

Should look like:

HEADER IMAGE PUT YOUR TOPIC HERE	
LINKS PAGE Put all of your links here. This is your Navigator. Make sure to put Target =.... here.	ALL OF YOUR LINKS WILL OPEN HERE!!!
